Socos.me 2014

Main picture can be big with parallax effect. Once scrolled page will hide under nav Bar, Text fades out or in dependig

Text telling about Socos

Top paragraph content of solution and below will be the 3 major services.

A paragraph of text. with video link of presentation

Top paragraph content of services and case studies?? 3 sections with each case with brief description, we can link to a pop up window with all the content per each case study . The accordion has a button with pop up window telling more about each individual services.

Accordion with 3 more case studies each with information and button for popup to tell more of the story since most of the are long

Parallax picture with field to submit for request info

Reserach section with carousel section to the left to save space and to the right Related Research and Areas of Interest

Parallax picture with brief sentence

About us description with picture of each member

Parallax picture with brief sentence

Contact section to avoid using phone number or email this way people can contact you directly without sharing email etc. section for recent talks and Current Projects

button appears as page is scrolled down for easy access to top page
